

A map of the Hawaiian Islands archipelago. The islands are outlined in black. The island of Hawaii is the largest and is located in the bottom right. To its northwest are the islands of Maui, Lanai, and Kahoolawe. Further northwest is the island of Oahu, which has a small black dot on its western coast indicating the study area. To the north of Oahu is the island of Molokai. Further north are the islands of Maui and Lanai. At the very top is the island of Hawaii. The map shows the general location of the study area in the central Pacific Ocean.

Valid 7 a.m. EST

 None
 D0 Abnormally Dry
 D1 Moderate Drought
 D2 Severe Drought
 D3 Extreme Drought
 D4 Exceptional Drought
